Assigned Advisors @ ADK

At SUNY Adirondack, every student is assigned an advisor. This advisor is their guide to future course selection, graduation requirements, educational and career planning, and is an additional resource on the pathway to success. Your student will receive and email with their advisor's information during the first week of the semester.

Add/Drop Week: Sept. 6-12

Drop/Add takes place during the first five days of each fall and spring semester. Students need to be aware that dropping or adding a course may have financial aid consequences. They should consult with the Financial Aid Office before attempting to drop or add.

Book Smart

[Book Smart](#) is our new all-encompassing, affordable textbook rental program that provides students with all required textbooks, lab manuals, access codes and electronic book versions before the first day of class. The average student is estimated to save 30 to 35 percent on textbooks a semester. Students will be automatically enrolled. Learn more at <https://www.sunyacc.edu/book-smart>

Located in the Scoville building, our amazing Accessibility Services Office provides equal educational opportunities to students with disabilities by ensuring full access to all programs, activities and facilities of the college. Our office works in conjunction with faculty and administrative staff to guarantee that all qualified students are afforded the same collegiate opportunities available to the general college population, that no student be denied the benefits of any college program or activity and that no student be subjected to discrimination. To receive accommodations, students must self-identify with our office. For more information, visit [our website](#) or email access@sunyacc.edu.
